Europa Sports Products Inc.
11401 Granite St,
Charlotte, NC 28273

Dear Europa Sports Products Inc.,

Please accept this letter along with my resume for the Fitness/Wellness Coordinator intern position through Europa Sports Products Inc. I was referred for this position by Dr. Wojcik, who is currently the program director of Exercise Science at Winthrop University. Through my undergraduate work at Winthrop University and fitness experiences, I believe I am prepared to make positive contributions to your company.

Through my leadership and volunteer experiences I have learned how to work in a team-oriented environment and contribute to others mentally, spiritually, and physically. To highlight my ability to co-exist in a team and leadership skills, this year I started my own scholarship foundation "Man of Resilience Scholarship". This opportunity resembles many of the qualifications and characteristic required of this position. I was introduced to the practice of building a relationship with all patients and promoting a fitness and friendly environment, while also working to assist the head Strength & Conditioning Coach with training sessions. Another quality of which I demonstrate is promptness. I believe it is imperative that employees show up and perform all tasks and duties in a timely manner. It's important to make sure clients are achieving their fitness goals within the deadline set.

Exploring the opportunity to work with Europa Sports Products Inc. is exciting and a great opportunity. It is a privilege to be considered for such a competitive position and would be an honor to be a part of your team. My enclosed resume contains additional information on my experience and skills. I would appreciate the opportunity to discuss this position further. I can be reached via cell phone, 843.461.0339 or email at sumpterd2@winthrop.edu.

Thank you for your time and consideration. I look forward to speaking with you about the potential of joining your team.

Sincerely,

Desmond Sumpter
